

Second Grade News

In the News:

In reading the Superkids get a new student named Alec in their class (and we have a new student named Summer!). They continue to talk about working together to make their inventions. We will work on adding -er and -est to base words and reading comprehension. Memory Words- almost, also, always, fault, awful, salt, walk, talk, done, give, live, love *Please go over these words every night with your child

In math we will continue our unit Place Value to 100. Please give your child help where needed. Thanks!!

In science we will begin a new unit on Homes for Living Things. We will be discussing different habitats for different types of animals this week.

We will continue our unit titled Government in social studies. We will be talking about elections.

Student of the Week-Liam
