

Applesauce Cinnamon Dough

This is a non-edible recipe

If your family would like to try it, you will need:

$\frac{1}{2}$ cup applesauce

$\frac{1}{2}$ cup cinnamon

Wax paper

Bowl

Cookie Cutters

Please Note:

Our class used 2 cups applesauce and 2 cups cinnamon. That was enough for each child to make 2 apple cut outs with cookie cutters. In other words... a little goes a long way!

All you need to do is:

1. Combine applesauce and cinnamon in a bowl and stir until mixed.
2. Dough should form into a ball without crumbling. If dough is too wet, add more cinnamon; if it's too dry, add more applesauce.
3. Use your hands to knead a small portion of the dough. Flatten onto wax paper to about $\frac{1}{4}$ - $\frac{1}{2}$ inch thick.
4. Use cookie cutters to form dough into familiar shapes.
5. Let dry 24 hours on wax paper. Turn over and let dry another 24 hours.

Variations:

- Use a toothpick to make a hole in your cut outs, dry, and you've got a necklace piece or a hanging air freshener.
- Attach a magnet to the back and you've got a smelly magnet.
