

Handprint Play Dough

This is a non-edible recipe

If your family would like to try it, you will need:

- 2 cups salt
- 4 cups flour
- 2 cups warm water

All you will need to do is:

1. Combine ingredients in a mixing bowl and stir until dough forms a ball (Note: add more water if too dry; add more flour if too wet).
2. Knead dough on floured surface.
3. Roll dough with a rolling pin to $\frac{1}{2}$ -inch to $\frac{3}{4}$ -inch thick.
4. Press hand into dough to make a hand-print impression, and cut circle-shape around it.
5. With remaining dough, use cookie cutters to stamp out other shapes.
6. Allow to dry overnight or bake for 1 hour in 300° oven (Note: for added durability, brush with egg whites or mayonnaise before baking).
7. When cooled, add a splash of color to your creations by painting them.
