

Snow Cones

If your family would like to try it, all you will need to do is:

- Crush ice cubes, using an ice crushing machine or by putting cubes in a Ziploc bag (or other brand) and hitting the bag with a hammer.
- Flavor your snow cones by adding a tube of Pop-Ice (or other brand of freeze pop) that is cool, but not frozen.
- Enjoy your snow cone with a spoon or a straw!

Variations:

- Want to make it a healthier treat? Just substitute real fruit juice for the Pop-Ice!
- Try Kool-Aid (or other brand) instead of Pop-Ice.
