

OUR MISSION

To cultivate independent lifelong learners through customized learning experiences and strong personal relationships.

OUR VALUES

- Promote student, family, and community engagement.
- Develop students that are college/career and life ready by preparing them academically and socially to make positive contributions to an ever changing global society.
- Demonstrate student ownership and choice in learning pathways which may include PBL, seminars, online classes, NPHS courses, & field studies.
- Encourage students to take risks in a safe environment and accept failure as a part of the learning experience.

School of Options and Applied Research (SOAR) High School

Public (Tuition-free) Charter School
Welcoming students in grades 9-12
Part of the Northland Pines School District

What We Offer

PROJECT BASED LEARNING

Interdisciplinary learning emphasizes the connection between traditionally discrete disciplines. Learning is organized around themes, problems, and issues in order for the student to solve challenges, answer questions, or create products. Topic driven seminars will address the academic standards of multiple subject areas.

DIPLOMA

Students graduating from SOAR High School will receive a SOAR High School diploma issued by the Northland Pines School District. Students walk in the Northland Pines High School Graduation Ceremony with the rest of their class.

Is SOAR High School a good fit for you?

- Own your education
- Project-Based Learning
- Family Atmosphere
- Mentoring
- Out in the Community
- Hands on

Current Northland Pines area students, open-enrolled individuals, and home-schooled students are eligible to attend SOAR Charter High School.

Students are able to demonstrate their knowledge in and out of the school building.

Advisors provide multiple opportunities for learning including experiential learning, seminars, field studies, expeditions, guided book studies, job shadows, and traditional high school courses. This allows the students, families and advisors the ability to tailor an educational experience unique to each student.

Students are encouraged to participate in all district organized sports and extracurricular opportunities, including all WIAA sports.
